#### **EXAMPLE 1**

#### **SL Adequate ESL Adequate, but Not Needed No Return to Full or Reduced-Schedule Work**

SL hours are adequate to supplement wages and workers' compensation payments.

VL hours are not used.

ESL hours are not needed, since REG Time on Pay Status exceeds 80% of regular time.

ESL weeks are not reduced, because ESL hours are not needed.

Employee did not return to full or reduced-schedule work in the pay period.

From Workers' Compensation Leave Bank calculator or WC Payment Conversion Sheet:

Hours Paid by Workers' Compensation:	97 hours
Dollars by which to reduce pay:	\$ 1,892.00

10-01 Employee worked 8 hours.

10-02 Employee worked 1 hour, was injured, and went off work.

10-06 Holiday credited because employee is on regular pay status (Leave with Pay):

1. Received supplemental SL.

10-31 Accruals credited because SL not exhausted before end of pay period.

### Use of Sick Leave to Supplement Wages and Workers' Compensation Payments

#### EXAMPLE 4

#### SL Not Adequate ESL Not Adequate No Return to Full or Reduced-Schedule Work

SL hours are not adequate to supplement wages and workers' compensation payments.  
VL hours are not used.

ESL hours are needed, since REG Time on Pay Status is less than 80% of regular time.  
ESL weeks are not adequate to cover entire pay period, so ESL hours are prorated.  
Employee did not return to full or reduced-schedule work in the pay period.

From Workers' Compensation Leave Bank calculator or WC Payment Conversion Sheet:

Hours Paid by Workers' Compensation:	97 hours
Dollars by which to reduce pay:	\$ 1,892.00

10-01 Employee worked 8 hours.

10-02 Employee worked 1 hour, was injured, and went off work.

10-06 Holiday credited because employee was on regular pay status (Leave with Pay):

1. Received supplemental SL, and
2. Received ESL.

10-31 Accruals not credited because:

1. SL exhausted before end of pay period, and
2. Employee has not returned to full or reduced-schedule work.

Accruals will be credited upon Return to Full or Reduced-Schedule Work.

Because ESL weeks are not adequate to cover the entire pay period, and employee has not returned to full or reduced-schedule work:

1. Place employee on Leave of Absence without Pay (LWOP).
2. Refer employee to HR B&FP to apply for Supplemental Disability.
3. Refer employee to Payroll to arrange to pay Dental & Optical premiums.
4. Contact HR B&FP and request OP Contingency Fund pay Medical plan premiums.

## **OPTION B**

### **Use of Sick Leave & Vacation Leave to Supplement Wages and Workers' Compensation Payments**

#### **EXAMPLE 6**

#### **SL Not Adequate VL Not Adequate ESL Not Adequate Returned to Full or Reduced-Schedule Work**

SL hours are not adequate to supplement wages and workers' compensation payments.  
VL hours are not adequate after SL hours are exhausted.  
ESL hours are needed, since REG Time on Pay Status is less than 80% of regular time.  
ESL weeks are not adequate to cover entire pay period, so ESL hours are prorated.  
Employee returned to reduced-schedule work in the pay period.

From Workers' Compensation Leave Bank calculator or WC Payment Conversion Sheet:

Hours Paid by Workers' Compensation:	97 hours
Dollars by which to reduce pay:	\$ 1,892.00

10-01 Employee worked 8 hours.

10-02 Employee worked 1 hour, was injured, and went off work.

10-06 Holiday credited because employee is on regular pay status (Leave with Pay):

1. Received supplemental SL, and
2. Received supplemental VL, and
3. Received ESL, and
4. Returned to reduced-schedule work in the pay period.

10-27 Employee returned to reduced-schedule work.

10-31 Accruals are credited because employee returned to reduced-schedule work.

Though ESL becomes exhausted, because the employee returned to reduced-schedule work in the pay period the employee is not placed on Leave of Absence without Pay (LWOP).

## WC PAYMENT CONVERSION SHEET

This is a paper version of the [WC Leave Bank Calculator](#).

If you elect to use this sheet rather than the web calculator, see the example on Page 2, below.

Fill out a separate sheet for each WC payment that has compensation dates in the pay period.  
Use only the compensation dates which occur in the pay period (trim date ranges so they fit in pay period).  
Sum results (D) and (F) across all sheets.  
Using the sums for (D) and (F), complete either the [Option A](#) or the [Option B](#) calculation sheet.

\_\_\_\_\_  
\_\_\_\_\_

## INFORMATION ABOUT YOUR OPTIONS UNDER EXTENDED SICK LEAVE

### ***OPTION A: Use of Sick Leave Only***

You can use your sick leave to add to your Workers' Compensation benefits, so that your total income will continue at 100% of your regular UC pay.

If you are still receiving Workers' Compensation temporary disability payments when your sick leave is exhausted, you may qualify for Extended Sick Leave (ESL) benefits. Your department adds to your Workers' Compensation payments so that your total income is 80% of your regular UC pay. The ESL benefits can be paid for up to 26 weeks.

If you are still receiving Workers' Compensation temporary disability payments when your ESL benefits are exhausted *and* you were enrolled in the University of California Supplemental Disability Insurance Plan, Supplemental Disability benefits are payable for up to an additional 52 weeks. Supplemental Disability benefits add to your Workers' Compensation benefits so that your total income will be 70% of your regular earnings.

### ***OPTION B: Use of Sick Leave, and then Vacation Leave***

The benefits are like those described in Option A, but your total income stays at 100% for a longer period of time because after your sick leave is exhausted you use your vacation leave to add to the Workers' Compensation payments.

### ***OPTION C: No Use of Sick Leave or Vacation Leave***

If you elect Option C, you are entitled *only* to the Workers' Compensation benefits.

You must make arrangements through the Accounting Office to pay the full cost of your University Health Insurance premiums, if you wish to continue insurance coverage under those plans.

## INSTRUCTIONS

This time record is used to report attendance information for payroll purposes. University policy requires that this record be maintained accurately. The employee should sign the form at the bottom. Any erasures or changes should be initialed. All columns should be totaled.

Your established work schedule is indicated in the upper right portion of your time record. The standard (STD) work schedule is 8 hours per day on 5 consecutive days from 8 a.m. to 5 p.m. excluding 1 hour for lunch. If you have questions regarding this portion of the time record your supervisor will explain how it should be filled out.

## REPORTING

*Exception (Negative) Time Reporting:* The normal method of keeping time records is on the exception (negative) basis and requires that only exceptions to the employee's work schedule be entered on the Time Record. Employees record exception hours in the proper columns. For employees who are exempt from the Fair Labor Standards Act (FLSA) provisions regarding premium overtime and compensatory time off, holiday, vacation, sick leave and other leaves are recorded in one-day increments only (or in increments not less than that portion of a day during which an employee on less than full-time pay status is normally scheduled to work) in columns 5, 6, 7, 8 and 11. For employees subject to FLSA, all leave time must be reported to the nearest quarter hour. Other exceptions such as compensatory time off and overtime are recorded to the nearest quarter hour in columns 9 and 10. The Time Record should be approved by the employee's immediate supervisor.

*Positive Time Reporting:* The Time Record provides column 4 marked ( ✓ ) in which an employee records regular hours worked in addition to the exceptions noted above. For FLSA non-exempt employees, time worked is reported to the nearest quarter hour. This Time Record should be approved by the employee's immediate supervisor.

## TIME RECORDING

You will note that the first day of the month is printed on the 8th line of the form. Since, in many cases, your Time Record must be submitted prior to the end of the pay period in order to prepare pay checks, the first seven lines are provided to record any exceptions to your established work schedule not reported on your time record for the previous month.

If you are required to use the positive time reporting method, please record the total hours worked each day in the corresponding days of the month under the "✓" marked column, e.g. if you worked 8 hours on the 14th of the month then write "8" in the corresponding box for the 14th of the month. If your salary is supported by more than one fund source (and you are required to report your time worked by fund source for internal management reasons or because you are paid from a non-Federal award which requires such reporting) identify those funds in the headings of columns 1 and 2 (and 3 if applicable) and enter in each column the number of hours worked each day that applied to those funds.

If your salary is paid from a Federal grant or contract you must complete a Personal Activity Report (PAR) certifying the percent of your total effort applicable to each Federal agreement. In such cases it is not also necessary to report on the Time Record the hours of work applicable to each Federal fund source. The total hours worked may be reported under the "✓" marked column if you are required to report your time using the positive method.

## REFERENCE DOCUMENTS

**RULES FOR CREDITING  
HOLIDAY LEAVE AND NEW ACCRUALS OF SICK LEAVE & VACATION LEAVE  
WHILE MEDICALLY ELIGIBLE FOR WC TEMPORARY DISABILITY**

**TABLES**

- I. SL hours adequate to supplement wages and WC payments.
- II. VL hours adequate to supplement wages and WC payments.
- III. ESL weeks adequate to supplement wages and WC payments.
- IV. ESL weeks not adequate to supplement wages and WC payments (the 26 weeks of ESL become exhausted).

Work-related disability results in a loss of wages. That loss may be partially off-set by wages earned on a reduced work schedule, and payments of Temporary Disability made by the University's Workers' Compensation Program. The remainder of the wage loss may be fully off-set by use of Sick Leave hours, either alone or in combination with Vacation Leave hours, and subsequently, partially off-set by use of Extended Sick Leave hours for the number of weeks remaining in the ESL bank.

While using SL, VL, or ESL hours to off-set the wage loss noted above, various rules apply to the crediting of Holiday Leave hours and to the accrual and crediting of new SL and VL hours. These rules are summarized in tables that follow. For each supplemental leave (SL, VL, ESL), there is a table of rules according to the employee's work status, either:

- 1. Not working (total wage loss).
- 2. Working a reduced-schedule of hours (partial wage loss).

**USE OF NEW SL AND VL ACCRUALS**

Hours that newly accrue cannot be used until they are credited. The accrual and crediting rules are given in the tables.
